The Village of Honor is a Zoned Community

June 2016

1 - Village Clean Up-

The annual clean up day conducted with Homestead Township was a great success thanks to our hard working volunteers who included Greg Mead, Debra Reed, Shane Gonyon, Bess Novak Butler, Kortlyn Pries, Dylan Ellsworth, Kenzie Breecraft, visitor Dwayne and others along with Village government workers and officials. (Please forgive me for anyone I may have left out.) The efforts of all are greatly appreciated. The work went quickly and smoothly and was finished in about 2 hours time. Workers shared chili and cornbread at the Village hall when the job was finished. Thanks also to Jessica Wooten, Homestead Township Supervisor for arranging for a “fast lane” to help make this possible.

2 - Sewer Rates-

At our meeting on Monday June 13 at 6:00 pm Council will vote on new sewer rates. There will be a brief explanation of the necessity of the increase at this time.

3 - Farmers and Flea Market-

Our Summer market place at Maley Park opened on Tuesday May 31 and will continue through September. Hours are 7 a.m. - 3 p.m Vendors are welcome and should contact Susan Lemon for information. Please stop by and check out the food and collectors' items that can be found there.

4 - Civic Pride-

The new American flags that Doug and Nick have put up lining Main Street are there thanks to the efforts of Sharon Osborne. Sharon took it upon herself to organize a fund raiser to purchase the new flags and staffs through voluntary donations. Thanks to Sharon and all who contributed. The Flags are eye catching and make a statement about our community to all who pass by.

The efforts of the members of the Lakeshores Garden Club are blooming. Flowers have been planted and are being maintained around the Village, providing decorative interest to our streets.

Special recognition should also be given to Ed Fay who has once again volunteered his time and tools to clear and repaint the rocks along the beginning of Deadstream Road. Ed originally placed them there in 1995 to commemorate the Centennial of Honor.

These are the kinds of people and actions that make a great community and help to make Honor a wonderful place to live.
